

ATTENTION UPDATE:

Per the CDC recommendation, on December 16, 2021, the Transportation Security Administration (TSA) extended again the face mask requirement for all transportation networks, including public transportation, through **March 18, 2022**.

THIS MEANS:

Masks are still required on all MART buses and paratransit vans, as well as MART facilities. This also applies to taxi service (JARC/Devens).

NO MASK, NO SERVICE

Masks **STILL** Required
