

MART DOT Funded Projects from 2024-2026

The following projects will be completed during the time period of Fiscal Years 2024-2026 and will be accomplished with DOT financial assistance. A short description of each project is followed by a table which shows the details of how it relates to this DBE goal submission. Table 1 provides the following information: Project Name, NAICS codes, total firms in our region (as established by 2018 Census Data for County Business Patterns in Massachusetts and neighboring counties in New Hampshire and Connecticut), number of DBE firms on the Massachusetts SDO Certified Business Directory, the federal value of the project, the weight of federal dollars per project against total federal dollars, percentage of available DBE's to total Firms, the Base number for weight of the project times availability, the year of award and the year of completion. (Please note that the federal value shown for this report is only 80% of the total value of the project.)

FY24

Project Name	Project Description
Replace/Upgrade IT-related Support Equipment	Network infrastructure updates and platform updates; technology equipment updates
Rehab Elevators – multiple locations	Renovate elevators in Fitchburg and Leominster at four locations
Gardner Fuel Station Modernization	Replace canopy, fueling station, and pumps; software upgrade
Fitchburg Parking Garage Structural Repairs	Weight-bearing piers to be repaired in accordance with study and design completed in FY23. Project is urgent for structural integrity of the facility.
FM-200 Fitchburg Intermodal and Gardner Maintenance Facility	Relocate two FM200 systems
Rehab Fitchburg Administrative Office and Conference Room	Update Lobby and Conference room at Water Street
Lighting and Electrical Upgrades ITC	Lighting and electric upgrades at ITC
Rehab Leominster Vehicle Storage Facility	Structural shoring in basement of Leominster storage facility; address lolly column and structural issues.
Keys and Access Control	Phase II – Standardization of door keys and badge access control system MART Facilities

MART DOT Funded Projects from 2024-2026

FY25

Replace/Upgrade IT-related support equipment	Network infrastructure updates and platform updates; technology equipment updates
Fleet Maintenance – 5 Ford Transmissions	Purchase 5 transmissions and related items for Ford E-350 chassis
